

## New to April Vacation Camp comes...

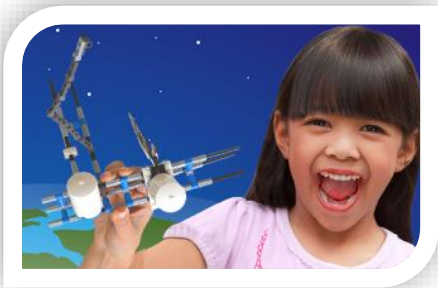

**Grades: K – 5**

**Time: 12:30 – 3:30 p.m.**

**Cost: \$135.00 per student**

BRIXOLOGY sets the foundation for our next generation of makers! Kids learn about different types of engineering and then team up to construct a different engineering-themed project using LEGO® bricks. They learn about aerospace engineering while assembling a space station. They explore mechanical engineering as they build boats and vehicles. That's not all-- from carnival rides to drawing machines, mechanical animals to truss bridges, your future engineer will build upon their creativity to solve real-world design challenges, while developing their problem-solving and team-building skills. Let the tinkering begin!

**Register at [www.nrsd.net](http://www.nrsd.net)** and click on  
Extended Learning and choose Vacation Camps.  
You will be invoiced on MySchoolBucks.com

**Deadline: Friday, April 5. Space is limited**
