

STEM is Fun for Kids

During April Vacation Camp!

April 16 - 19

Stimulating young minds

Thriving curiosity

Empowering children

Making a fertile ground for learning

Registration Deadline: April 5, 2019
For students grades K – 2

Medieval STEAM K-2 AM class – 9 a.m. – Noon - \$175/child (includes all materials)

Travel back to Medieval Times where STEM challenges were all around! Children will become royal engineers as they build castles and drawbridges and test out catapults and trebuchets. As knights, they will discover suits of armor, medieval printing, and design a coat of arms. Children will have fun playing medieval games such as rescue obstacle course, capture the flag, and a jousting tournament.

KIBO STEAM Ahead! K-2 – 12:30 – 3:30 p.m. - \$175/child (includes all materials)

Children will be introduced to a special kind of robot called KIBO! They will build the robot, create a sequence of instructions, and watch it follow their commands. Throughout the week, we will try different coding programs such as map navigation, Lego brick transformations, animal migration and behavior, as well as storytelling through technology. They will also see the creative side of KIBO as they program this robot to draw! Future programmers, engineers and designers will have fun exploring with KIBO!

To register go to www.nrsd.net and click on **Extended Learning** and choose **Vacation Camps**. You will be invoiced on MySchoolBucks.com.
